EDUCATION

Sandip University Nashik

B.Tech in Computer Science and Engineering

KBH Polytechnic

Diploma in Computer Technology

Nashik, Maharashtra

Aug 2023 – May 2026

Malegaon-Nashik, Maharashtra

Aug 2020 – May 2023

SUMMARY

B.Tech Computer Science and Engineering student skilled in Python, SQL, Power BI, Excel, JavaScript, HTML, CSS, Git, and GitHub. Hands-on experience in web development, AI-based applications, and data analytics projects. Seeking entry-level opportunities in Software Development, Data Analytics, and IT roles.

PROJECTS

AI Healthcare Assistant | *React.js, Node.js, Flask, Python*

- Developed a full-stack healthcare application using React.js, Node.js and Flask.
- Implemented NLP-based symptom analysis and disease prediction models.
- Integrated OCR technology for extracting information from medical reports.
- Applied machine learning techniques for intelligent healthcare recommendations.

VP Photography Website | *Lovable AI, HTML, CSS, JavaScript*

- Designed and developed a photography portfolio website using AI-assisted development tools.
- Created project requirements and prompts to generate responsive web pages and UI components.
- Customized generated code and website content based on project requirements.
- Implemented responsive layouts and optimized user experience across devices.

Wildlife Sanctuary Website | *HTML, CSS, JavaScript, PHP*

- Built a responsive website providing information about wildlife species and conservation.
- Developed dynamic content rendering using PHP and frontend technologies.
- Improved website navigation and user experience.
- Implemented interactive features and structured content management.

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript

Web Development: HTML, CSS, JavaScript, PHP,

Tools: Git, GitHub, VS Code

AI Tools: ChatGPT, Google Gemini, AI-Assisted Development Tools

CERTIFICATIONS

- Acquiring Data (Level 1) - AI Fundamentals of AI, Accenture
- Data Science & Analytics - HP LIFE
- AI for Beginners - HP LIFE
- Python Programming Internship - YBI Foundation
